# RUIKE

## BRAND INTRODUCTION //

Complementing its world-renowned flashlight line, Fenixlight is proud to announce that it has become the exclusive brand agent for **RUIKE** /reik/ outdoor knives. Like Fenix flashlights, RUIKE has paid special attention to provide knives that outdoor workers and enthusiasts will be proud to carry and rely on. The craftsmanship, quality, and overall pride that goes into creating these knives sets RUIKE far above its competition.

In the spirit of Fenix, RUIKE is committed to providing a superior quality product that is in touch with its customer base. Formed with high-grade stainless steel, RUIKE outdoor knives come in a variety of designs including folding, fixed blade, and multi-functional knives.

## CONTENTS //

### 01 Multi-Functional Knives

05 S Series

07 M Series

09 L Series

### 11 Folding Knives

### 15 Fixed Blade Knives

### 16 Product Warranty

# MULTI-FUNCTIONAL KNIVES //

## 1 LARGE BLADE

The main blade of the RUIKE multi-functional knives have enhanced thickness and width, providing greater durability and blade capability compared to the competition.

## 2 SANDVIK 12C27 BLADE MATERIAL

Multi-functional knives are made from Sandvik 12C27 stainless steel. Outside of superior corrosion resistance, the steel provides the blades with added strength, giving the blades the ability to retain sharpness for longer.

## 3 POCKET CLIP DESIGN

Given that most owners of knives typically use them within environments that promote wear and tear, RUIKE has created stainless steel clips to holster the knives to protect them during non-use. Easy to carry, you can be assured that your RUIKE knife is protected.

## 4 G10 KNIFE HANDLE

G10 knife handles are a blend of fiberglass and resin, giving the knives the ability to withstand intense forces, preventing scrapes and general abrasion.

## 5 TUNGSTEN STEEL BREAKING CONE

Providing added capability, RUIKE multi-functional knives come with a tungsten steel breaking cone, allowing users to break glass and other tough materials that they may encounter.

# STRENGTHEN YOUR COURAGE

## COMPACT AND CONVENIENT FOR EVERY DAY CARRY

Equipped with a stainless steel key ring and a couple of tools, the S series is great for those everyday tasks.

HANDLE MATERIAL	G10

## SANDVIK 14C28N STAINLESS STEEL 58~60 HRC

Sandvik 14C28N is a martensitic stainless chromium steel with a chemistry optimized for high quality professional knife applications which put very high demands on edge sharpness, edge stability and corrosion resistance. As to these knives, the 14C28N is intensively processed by RUIKE using quenching and subzero treatment, which features an ideal hardness of 58~60 HRC.

## FANG P105

With a large, sturdy, and razor-sharp blade, the Fang P105 excels in cutting many materials. Just press the flipper down, the spear point blade will get ready for working. The skid-proof G10 handle is ergonomically designed with special concaves for most comfortable holding and surely performs well in the harshest of elements.

Overall length: 213 mm / 8.39"  
Closed length: 122 mm / 4.80"  
Blade length: 91.6 mm / 3.60"  
Blade thickness: 3.5 mm / 0.14"  
Weight: 147 g / 5.19 oz  
Blade material: Sandvik 14C28N  
Handle material: G10  
Locking mechanism: Liner lock

## HUSSAR P121

The long drop point blade makes the Hussar an exceptionally distinctive pocket knife. The comfortable, skid-proof G10 handle performs well in the harshest of elements. The blade can be deployed much faster with the flipper.

Overall length: 215 mm / 8.46"  
Closed length: 122 mm / 4.80"  
Blade length: 88 mm / 3.46"  
Blade thickness: 3.5 mm / 0.14"  
Weight: 127g / 4.48 oz  
Blade material: Sandvik 14C28N  
Handle material: G10  
Locking mechanism: Liner lock

## 3Cr14N STAINLESS STEEL HANDLE, STONEWASHED

The 3Cr14N stainless steel features high standard in toughness, abrasive resistance and corrosion resistance. In addition, the stainless steel handle is stonewashed, allowing authentically fine and comfortable sense of touch.

Overall length: **200 mm / 7.87"**  
Closed length: 114 mm / 4.49"  
Blade length: 86 mm / 3.39"  
Blade thickness: 3 mm / 0.12"  
Weight: **120g / 4.23 oz**  
Blade material: Sandvik 14C28N  
Handle material: 3Cr14N  
Locking mechanism: Frame lock

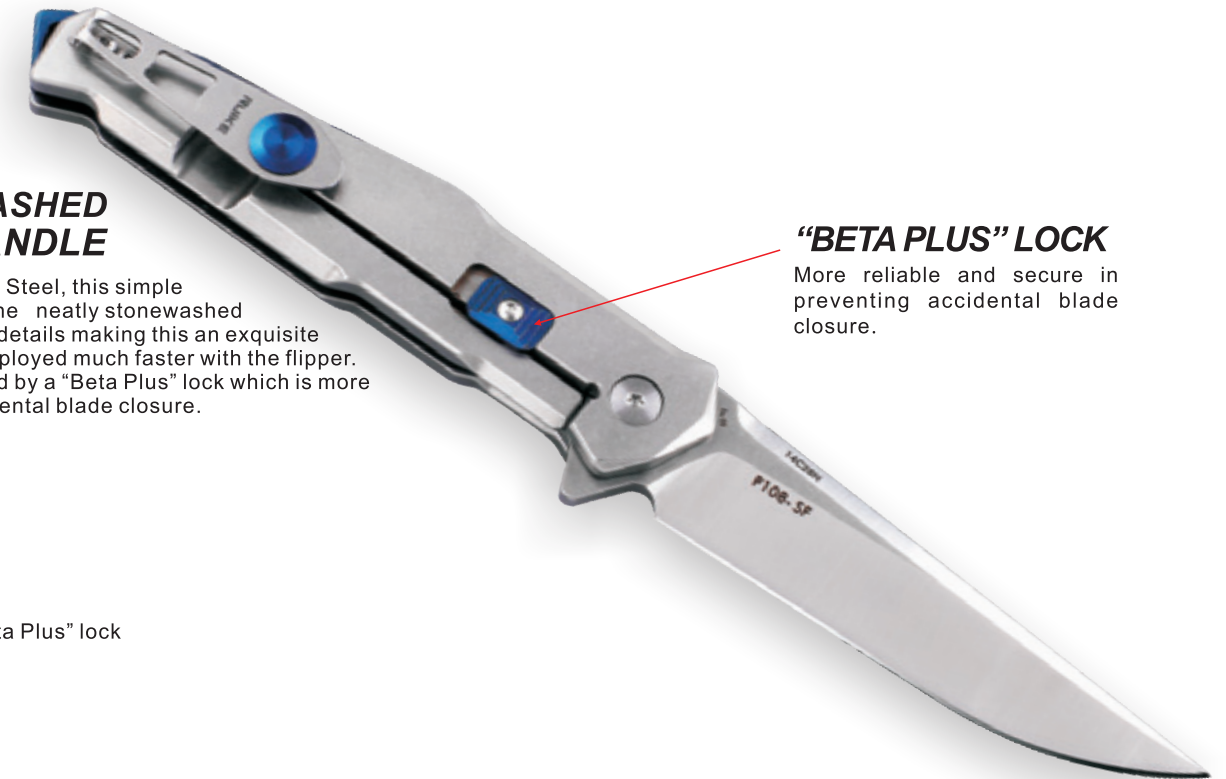

### **P801** STONEWASHED STAINLESS STEEL HANDLE

Crafted almost exclusively of Stainless Steel, this simple yet elegant knife is of utmost quality. The neatly stonewashed metallic body is complimented by little details making this an exquisite EDC pocket knife. The blade can be deployed much faster with a flipper or a thumb stud as you prefer.

### **P108** STONEWASHED STAINLESS STEEL HANDLE

Crafted almost exclusively of Stainless Steel, this simple yet elegant knife is of utmost quality. The neatly stonewashed metallic body is complimented by little details making this an exquisite EDC pocket knife. The blade can be deployed much faster with the flipper. The frame lock is additionally enhanced by a "Beta Plus" lock which is more reliable and secure in preventing accidental blade closure.

Overall length: **210 mm / 8.27"**  
Closed length: 120 mm / 4.72"  
Blade length: 88 mm / 3.46"  
Blade thickness: 3 mm / 0.12"  
Weight: **130g / 4.59 oz**  
Blade material: Sandvik 14C28N  
Handle material: 3Cr14N  
Locking mechanism: Frame lock & "Beta Plus" lock

**"BETA PLUS" LOCK**  
More reliable and secure in preventing accidental blade closure.

FIXED BLADE KNIVES

HORNET F815

The short and bold blade produces unmatched leverage while the hollowed handle significantly reduces the overall weight. With a textured G10 handle the Hornet performs exceedingly well in any setting. The knife also comes with a rugged sheath for convenient carrying and maintenance.

Overall length: 190 mm / 7.48"  
Blade length: 85 mm / 3.35"  
Blade thickness: 3.5 mm / 0.14"  
Weight: 105g / 3.70 oz (excluding sheath)  
Blade material: 14C28N  
Handle material: G10  
Sheath material: ABS plastic

JAGER F118

A large and sturdy fixed blade beast of utmost quality. The full size G10 handle fits perfectly in hand and the textured surface makes this a go to companion in the cruelest of conditions. The knife also comes with a rugged sheath for convenient carrying and maintenance.

Overall length: 223 mm / 8.78"  
Blade length: 110 mm / 4.33"  
Blade thickness: 4.5 mm / 0.18"  
Weight: 190.5g / 6.72 oz (excluding sheath)  
Blade material: 14C28N  
Handle material: G10  
Sheath material: ABS plastic
